EU – Study Visit: Innovative leadership and teacher training in autonomous schools

- *Lubica Bošanská: To visit schools in Hannover and region, to observe lessons, teachers training, management, to exchange experience, to feel school atmosphere in your country, to know about processes of evaluation and improvement, to find more about the role of leaders at schools, to taste German specialities, to visit interesting places, performances etc.*
- *Paul Cammack: no special requests*
- *Chrysoula Chaidogiannou: Innovative ideas, emphasis on leadership versus management*
- *David Chevalier: My main request is to exchange with professionnals, to create professional links ..., to work together after the study visit.*

EU – StudyVisit: Innovative leadership and teacher training in autonomous schools

- *Eliška Křížková: I am generally interested in history, culture and music.*
- *Chrystalleni Lazarou: How to effectively help teachers improve their teaching quality and productivity, cope with problems often encountered in everyday school management, ways to bring in parents work for school, evaluation of teachers, school improvement plan*
- *Deirbhile Nic Craith: School visits and opportunities to talk to teachers and teacher educators*
- *Françoise PARILLAUD: I am looking forward to exchanging on how to combine innovative leadership, teacher training and autonomy so as to better address local needs and difficulties, especially in the high priority education network whose leaders and teachers I have to advise.*

EU – StudyVisit: Innovative leadership and teacher training in autonomous schools

- *Michele Quagliarini: I'm very interested in external school evaluation systems*
- *CATERINA RUNFOLA: I am very interesting in the field of evaluation system.*
- *Mario Testa: I would appreciate team building sessions as well as a lot of discussion and sharing of good, practice so that we learn from each other.*
- *Boris Vidovic:*
